

Playful Learning at Home!

Cactus Craft

Items you will need:

- Template
- Glue stick
- Scissors
- Markers, crayons, colored pencils, or other art supplies

Show us your work!

If you make this at home, post a picture of your craft on social media with
with
[#DiscoveryCenterScience](#)

To do from home:

- Print out the template.
- Color in the cactus, pot, and flowers and cut them out. Or, cut out the shapes, trace them onto a colored piece of paper, and then cut them out.
- Add details such as lines on the cactus, designs on the pot, etc.
- Once you're done decorating, glue the cactus to the pot and the flowers to the cactus.
